3M™ SecureFit™ 400X Series

Designed to perform.

Featuring a contoured brow guard to help
provide additional coverage from flying particles.

Designed to stand out.

3M™ SecureFit™ 400X with 3M™ Scotchgard™ Anti-Fog Coating.

Modern, stylish design combined with comfortable coverage? Believe it. The 3M™ SecureFit™ 400X Series features a wide range of temple and lens colour options and a contoured brow guard to help provide additional protection from flying particles.

With 3M™ Pressure Diffusion Temple Technology for a comfortable fit and Scotchgard™ Anti-Fog Coating (available in select models) for superior anti-fog protection, it's safety eyewear your workers will want to wear.

Scotchgard™ Anti-Fog Coating (select models)

- ▶ Resists fogging longer than traditional anti-fog coatings, even after washing 25+ times with water*
- ▶ Helps workers see clearly for longer

Contoured brow guard

- ▶ Rests comfortably against forehead
- ▶ Non removable brow guard helps provide additional protection from flying particles

3M™ Pressure Diffusion Temple Technology

- ▶ Helps diffuse pressure over the ear for a secure, comfortable fit

Soft nosepiece

- ▶ Helps reduce slippage

Polycarbonate lenses

- ▶ Absorb 99.9% UVA & UVB rays
- ▶ Meets the requirements of EN 166:2001

*3M internal testing per EN 168 test method when compared with traditional anti-fog coatings.

3M™ SecureFit™ 400X Series.
